BIOMASS SUSTAINABILITY POLICY

JM Agri Resource Sdn Bhd is committed to promote biomass sustainability based on the three aspects, namely, Prosperity, Planet and People, also known as 3Ps. This sustainability policy is also in line with the requirement of **Green Gold Label – Chain of Custody (GGL-COC)**. With the embracing of sustainability for the 3Ps, we are aiming to produce sustainable outcome with fine tuning our current practice and processing methods towards the goals. All our practices are in line with industry, national and international **Best Management practices (BMP)**. Lastly, we shall ensure that external and internal stakeholders are well treated and in a good relationship with the company. This sustainability policy comprises of the following principles that are integrated into our management systems:

- PRINCIPLE 1:** BIOMASS SOURCES SHOULD BE SOURED FROM SUSTAINABLE SUPPLIER.
- PRINCIPLE 2:** BIOMASS SOURCES SHOULD NOT BE OBTAINED FROM HIGH-RISK FEEDSTOCKES.
- PRINCIPLE 3:** GREENHOUSE GAS EMISSIONS AND SAVINGS SHOULD BE PROPERLY ACCOUNTED.
- PRINCIPLE 4:** BIOMASS SOURCES USE SHOULD BELIMITED TO WHAT CAN BE SUSTAINABLY SUPPLIED.SUPPORT SHOULD BE GIVEN TO ALL TECHNOLOGIES.
- PRINCIPLE 5:** THAT ACHIEVE SIGNIFICANT GREENHOUSE GAS SAVINGS OR REDUCTION.
- PRINCIPLE 6:** THE SUSTAINABILITY OF FEEDSTOCK SUPPLIER SHALL BE INDEPENDENTLY VERIFIED.

Norihiro Kowada
